

Don't Say We Didn't Know: A Powerful Call to Action for Climate Justice

The climate crisis is one of the most pressing issues facing humanity today. The impacts of climate change are already being felt around the world, in the form of rising sea levels, extreme weather events, and food shortages. And these impacts are only going to get worse in the years to come.

In her new book, *Don't Say We Didn't Know*, environmental activist Naomi Klein argues that the climate crisis is a human rights crisis. She shows how climate change is disproportionately affecting the most vulnerable people in the world, including women, children, the elderly, and the poor.

Klein also argues that the climate crisis is a threat to our democracy. She shows how the fossil fuel industry has been funding climate denial and lobbying against climate action. This has created a climate of confusion

and inaction, which has made it difficult to take the necessary steps to address the crisis.

Don't Say We Didn't Know is a powerful call to action for climate justice. Klein provides a clear and concise overview of the climate crisis, its impacts on human rights, and the urgent need for action. She also offers a number of concrete steps that we can take to create a more just and sustainable world.

If you are concerned about the climate crisis, I urge you to read *Don't Say We Didn't Know*. This book will open your eyes to the true extent of the crisis, and it will inspire you to take action.
