*How to Live with an Engineer* is a humorous and practical guide to help you decode your partner's strange behavior and build a stronger relationship.

You'll learn about:

- Engineer culture and the way engineers think
- The different types of engineers and their unique quirks
- How to communicate with an engineer effectively
- How to support your engineer partner's career
- How to have fun with your engineer partner

Whether you're just starting to date an engineer or you've been married to one for years, this book will help you understand your partner better and build a stronger relationship.

### **Praise for *How to Live with an Engineer***

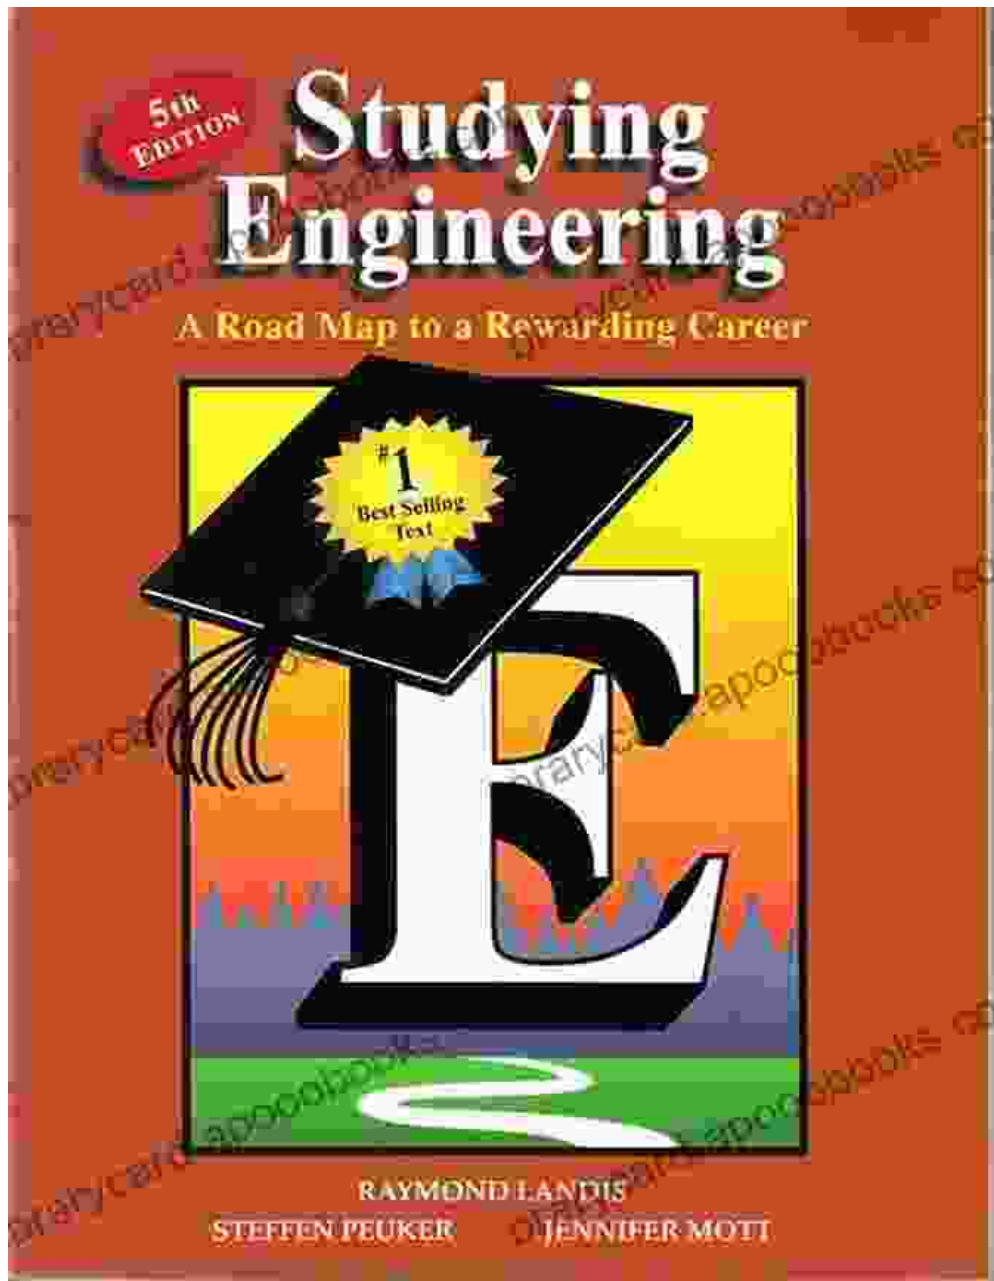

*"This book is a lifesaver! I've been married to an engineer for 10 years, and I finally feel like I understand him."* - Our Book Library reviewer

*"I'm a non-technical person, and I found this book to be very helpful. It's funny and insightful, and it helped me to see my engineer partner in a new light."* - Goodreads reviewer

*"This book is a must-read for anyone who is in a relationship with an engineer. It's full of practical advice and humor, and it will help you to build a stronger relationship."* - BookBub reviewer
