Using a cotton ball soaked in nail polish remover, gently wipe away any existing nail polish.

Step 2: Trim and shape your nails

Use nail clippers to trim your nails to your desired length. Then, use a nail file to shape your nails. You can choose from a variety of shapes, including square, round, or oval.

Step 3: Push back your cuticles

Using a cuticle pusher, gently push back your cuticles to create a clean nail bed.

Step 4: Apply a base coat

Apply a thin coat of base coat to your nails. This will help to protect your nails from staining and chipping.

Step 5: Apply nail polish

Apply two thin coats of nail polish to your nails. Allow each coat to dry completely before applying the next.

Step 6: Apply a top coat

Apply a thin coat of top coat to your nails. This will help to protect your manicure from chipping and peeling.

Step 7: Moisturize your hands

Apply a generous amount of hand cream to your hands and massage it in. This will help to keep your hands soft and smooth.

Tips for a Perfect Manicure

- Use high-quality nail polish products.
- Allow each coat of nail polish to dry completely before applying the next.
- Don't over-file your nails, as this can make them weak and brittle.
- Be gentle when pushing back your cuticles, as this can damage the nail bed.
- Moisturize your hands regularly to keep them soft and smooth.
